

Brian Campbell RIP

Dear Eddie,

This is a very opportune moment for me to reply to you about the Memorial Mass as you see my dear Brian passed away on 8th July this year a few months after being diagnosed with Lymphoma brain tumours . So it would be lovely if you could include his name in the rollcall.

I have recently sent an email to Scotty for the Coxa magazine and mentioned that Brian always had fond memories of Clapham Xaverian college and told everyone about that small London grammar school. I reckon he attended from 55 to 62/3 .

Yours sincerely

Kathy Campbell
