Dear Rayner,

I enclose the promised Concordia.

May I ask you to join the Association, and forward a subscription. I don't expect you'll gain much material benefit from it, but every subscription goes in some way to assist the College, past and present. The various sports sections are self supporting. The sub. just about covers postage, news letters, Concordia, and our donation to the Building fund, any surplus is taken up by the barmen section. Anyway the tie is good value and lasts for years.

It was good, to see you again after so many years, there aren't many of us left, that's why we are so keen to recruit the pre-war boys.

Yours aye,
Maurice Ward.
